“Growing Gardeners” A Family Garden Project

The first stage of our Family Garden Project began with having to clear the area. With the help of Councillor Ray Walsh, we were able to have the area garden ready in half a day.

6 garden beds were purchased and set up, ready for the soil to be delivered.

With the help of some wonderful volunteers we have now got 3 lovely garden beds, stocked with seasonal produce such as beans, lettuce, strawberries, peas, broccoli, onion, baby spinach, spinach, wombok and basil. Huge thanks must go to Bunnings Cowra, for their extremely generous donation of the seedlings for our garden.

During the April school holidays, Nicki from Bunnings joined us to help the children make scarecrows for the garden. We're hoping this will help keep our precious produce safe!
