# HIGHWAY OF LOST HEARTS

BY MARY ANNE BUTLER

This truly regional story stars theatrical powerhouse Kate Smith with original live music by Central West icons Smith & Jones.

A woman. A dog. A campervan.  
And 4,500 kms of wide open road.

When your heart goes missing,  
what lengths will you go to, in order to find it again?

## Temporary Closure Intersection Walker St-William St

Council has been working on watermain replacement works in William Street (pictured) and will need to temporarily close the William Street end of Walker Street on Monday 29 November 2021 to complete the connection. Residents and motorists are advised that access to Walker Street will remain available from Hartley Street during this time.

Council apologises for the inconvenience this project may cause while these important works are undertaken. For more information or questions about the project, please call Infrastructure & Operations on (02) 6340 2070.

## Heavy Patching Works

Heavy patching works are continuing on the Mid Western Hwy. The recent wet weather has caused delays in planned work and deterioration to roads. Council have added signage, reduced speed zones and flashing lights to alert motorists to these areas.

Please abide all traffic controllers, speed restrictions and hazard warning signs at this time. More rain is expected over the coming week and traffic will be heavier due to the upcoming Bathurst 1000 Car Races.

Contractors will relocate west of Sunnyside Road, weather depending, from Monday 29 November to remediate the road surface, before continuing westward from their original location. Please be alert to hazards and drive safely. If you would like more information or have any questions about the work please call (02) 6340 2070.
