

## Available for Adoption

### Rehoming number – R251000128

There are currently no animals available for adoption directly from Council.

The majority of animals which become available for adoption at Cowra Council Pound are re-homed via various re-homing organisations.

If you wish to find an animal for adoption, you are encouraged to visit [www.petrescue.com.au/groups/11286/Central-Coast-Animal-Care-Facility](http://www.petrescue.com.au/groups/11286/Central-Coast-Animal-Care-Facility) which is a registered re-homing organisation through which Council directs the large majority of the animals available for adoption. You can also monitor this page or contact Cowra Council's Ranger Services on (02) 6340 2052 to enquire about any animals which may become available for adoption directly from Council in the future.
