## PUBLIC NOTICES

### SILVERLEAF NIGHTSHADE

Cowra residents, please be advised Silverleaf Nightshade will be up and growing well after recent rain. It is a great time to apply chemical registered for the control of Silverleaf while there is soil moisture around. Mowing and other forms of mechanical cultivation will greatly increase the size and

density of existing infestations, so these methods are not considered effective control by our Biosecurity Officers. For more information, please visit the link, or call our Biosecurity Officers for some helpful advice. ### REQUEST FOR IMAGES:
