Dear Sir/Madam

I refer to your letter to Cowra Lady Golfers dated 17 December 2014 in response to our letter to Council of 30 October 2014 in relation to funding for small environmental projects.

In your letter it was stated that you would provide us with \$500.00 funding assistance towards the purchase of trees subject to the following conditions:-

1. Trees to be purchased from a local nursery within Cowra Shire
2. Trees are to be native and if possible endemic to the Cowra area
3. Money will be paid upon receipt of invoices and a brief 1 to 2 page report with photographs showing completion of the project

I now provide the following to substantiate the funding:-

1. Invoice No 64 for \$500.00 from Oz Plants of 97 Waratah Street, Cowra
2. The invoice states that they were in fact native plants/trees. We advise that some of the trees that were purchased were Yellow Box, White Box, River Red Gum, Spotted Gum and mixed varieties of Bottlebrush.
3. We look forward to receiving your cheque for \$500.00 in payment of the funding.

Our team of volunteers have been working very hard planning and planting the native trees and I attach photos showing some of the trees that we have planted on the golf course.

Once again I wish to express our sincere appreciation of this funding to enable us to have our golf course a pride for our golfers and visitors to Cowra. Not only have we improved the natural environment of our course, but we also believe it will add to the presentation of our course for the many visitors now, and in future years to come. This in turn makes our golf course an asset to the town of Cowra.

Yours faithfully

A handwritten signature in cursive script that reads "Dolbel".
