Re: Small Environmental Projects.

Dear Ms Alberry,

I am writing to advise that the establishment of our "Nature Corridor" at the school is now complete. Over the last few months the school community has been working hard to create a lovely avenue of trees and bushes on the northern boundary of the school. We are particularly pleased with the development of the native garden immediately surrounding the school canteen area. (Pictures attached)

Cowra Public P&C committee would like to thank the Cowra Council for your support towards this project. We have been flooded with favourable comments about the work and believe we have created a sustainable garden that students and community members will be able to appreciate for years to come.

As requested I have attached receipts for expenses towards this project to enable you to go forth with the funding of \$1000 previously agreed on.

Should you have any questions or require any further information please do not hesitate to call me on 0419 300 012.

Kind Regards,

Pip Fagan
Cowra Public School P&C
