Cowra NSW 2794

Re: Small Environmental Projects.

Dear Ms Alberry,

I am writing to advise that the establishment of our new garden beds at the school is now complete. Over the last year the school community has been working hard to create a lovely avenue of trees and bushes on the northern boundary of the school and also near the infants playground. We are particularly pleased with the development of the native garden in the Primary playground.

Cowra Public P&C committee would like to thank the Cowra Council for your support towards this project. We have been flooded with favourable comments about the work and believe we have created a sustainable garden that students and community members will be able to appreciate for years to come.

As requested I have attached receipts for expenses towards this project to enable you to go forth with the funding of \$1500 previously agreed on. I would be more than happy to show you around the new garden areas we have established.

Should you have any questions or require any further information please do not hesitate to call me on 0419 300 012.

Kind Regards,

Pip Fagan
Cowra Public School P&C
